

Bronchitis Conquered

Seventy Years Old and Praises Wonderful Hyomei

"I had a severe attack of LaGrippe. It left me with bronchitis and catarrh of my throat. I became quite deaf in my ear so I could not hear a word. I commenced using your HYOMEI and inhaler and soon got relief, and believe that it saved my life. I have recommended it to many. I am over seventy years old. I have told several prominent doctors what it did for me." Wm. H. Mowder, Washington, N. J., R. F. D., March 18, 1911.

COURT SACHEM WHIST

Opened the Season in Foresters' Hall—Prize Winners.

Court Sachem, No. 94, Foresters of America, opened its whist evenings for the season with a gathering in Foresters' hall on Thursday evening where an enjoyable two hours and a half of the game were spent by twenty tables of players. When the play was over, ice cream and water were served and the following were the prize winners determined by the committee in charge:

First, Mrs. M. H. Donahue, 53, a fine silk umbrella; Henry A. Condon, 38, also a silk umbrella; second, Mrs. Jeremiah Haley, 33, box of handkerchiefs; Napoleon Lamoie, 38, pair of suspenders and a necktie; consolation, Miss Bertha Dupre and Lewis A. Andrews.

The committee in charge comprised: J. R. Portance, Henry Clement, Dona Semino, Thomas McKenna and Fred Cartier.

Suit for \$3,000.

Mrs. Rebecca Cowles of Waterford has brought suit against the city of New London to recover \$3,000 damages for injuries received by a fall as the result of an alleged defective crossing. The suit is returnable to the superior court the first Tuesday in November. The plaintiff alleges that Feb. 28 of this year she was walking from one corner of Golden street to the opposite corner when she tripped over a raised stone in the crossing and fell. She received several severe injuries.

Boards Taken Ill.

Half a dozen persons taking their meals at a local boarding house were seized on Wednesday with symptoms of ptomaine poisoning after having taken dinner at which one of the dishes was canned corn. The sudden illness of the boarders was laid to the canned corn, because all those who had eaten of that were affected more or less, while those who had taken a second helping of the corn were the sickest and needed to call a doctor.

Avon.—S. W. Eddy won the grand prize for decorated automobiles at the Suffolk fair with his five passenger touring car. The car bore the inscription, "The Harvest," and was decorated with the flowers, fruits, vegetables and grains of the season.

STATE HOSPITAL BUILDING PLANS

Rough Drafts will be Inspected by Trustees at Annual Meeting Next Week—Clubhouse Should Prove Popular at Institution.

Next Tuesday the annual meeting of the Norwich state hospital for the insane will be held at the institution at 11:30 o'clock, and this will be preceded by a meeting of the finance committee at 10 o'clock, the latter being the monthly meeting of that committee. At the trustees' meeting there will be reports from the various committees of the board, including the finance and visiting committee, while the treasurer, N. J. Asling, and Supr. Dr. H. M. Pollock will make their reports.

It is probable during their meeting or in the afternoon that the trustees will consider rough plans for the new buildings at the institution, which will include the central dining room and amusement hall which is to be located between wards C. There will also be an addition to the cow barn where 40 additional cows can be quartered and the clubhouse for the employees and patients. The last named building will be of brick, 80 feet long and from 36 to 38 feet wide, two stories high. It is probable that this building will be located on the back overlooking the river, but the location has not been fully determined and will not be until after the meeting, though point a little north of the central subway is favored.

On the first floor will be a bowling alley, billiard room and a storeroom for the sale of cigars, tobacco and candy. On the second floor will be a ladies' room, reading room, game room and a gymnasium.

At the present time an artesian well

is being driven near the power house. This is now down 150 feet and a sufficient supply of water has not been secured. It is going down slowly and hard rock is found, so that progress is slow. It had been expected that it would have to be driven deeper than it is in order to strike a sufficient amount of water of the proper quality for the power house or other use.

All the new buildings of the institution are opened and occupied except the south ward D, which will be opened within the next two weeks. The painters have finished there and the carpenters have a small amount of work to be completed, such as the putting in of lockers, cupboards and shelving.

There is but one change on the board of trustees this year and that is caused by the resignation of J. Deming Perkins of Litchfield, who has since passed away. In the vacancy caused by his resignation the legislature named James Doughty, vice president of the Coo Brass company of Torrington. The three trustees whose term expired this year were reappointed by the legislature, they being Henry H. Galt of Norwich, E. C. Pinney of Stafford Springs and E. H. Burr of Middletown.

Following the meeting, the trustees will make an inspection of the hospital buildings, including the new ones, and they will have dinner at the superintendent's home in the early afternoon. The wives of the trustees have been invited to accompany them and to be in attendance at the dinner.

There are at the present time 768 patients at the institution.

WILL WORK QUARRY

ABOVE NAVY YARD.

Six Hundred Foot Wharf to Be Constructed at Once.

Monday morning work will be started by the American Breakwater company of Philadelphia for the construction of the wharf fronting its property, about a mile north of the navy yard. The company recently purchased the Bolles farm of about 200 acres situated in Groton and Ledyard and extending to the riverfront. On the purchase is located a ledge which the company will quarry.

The wharf will be about 600 feet long, on to which spur tracks of the New Haven road will be run from the quarry and the stone loaded on vessels to its destination.

Only about 15 men will begin work

on the wharf Monday, but this will be increased as the construction progresses. It is expected that the company will employ about 300 men when it is permanently established.

Collinsville.—The local Y. P. S. C. E. has been invited to attend the meeting of the Farmington Valley Christian Endeavor union to be held in Enonville this (Friday) evening.

FREE DENTAL CLINICS

AND MEDICAL INSPECTION Favored by the Socialists—Voting Machines Approved.

Discussion of resolutions favoring free dental clinics and free medical inspection and treatment for school children occupied a good part of the meeting of local Norwich on the socialist party at its meeting on Thursday evening in the Stead building. The resolutions were unanimously endorsed. They were as follows:

Whereas, investigation has shown that, owing to the poverty or neglect of parents, large numbers of children suffer from an insufficiency of medical care, and, further, that children's teeth are in a deplorable condition; and

Whereas, The preservation of the teeth is essential to good health and

good health is essential to the enjoyment of life; and

Whereas, Governments should do all in their power to protect their citizens

against the destitution, the needless suffering, the blasted hopes, the terrible despair and the premature death

caused by the appalling amount of sickness in the world, most of which is said to be preventable; and

Whereas, Money spent upon the conservation of public health is well invested, the prevention of disease being much cheaper than its cure, and the maintenance of a high standard of industrial efficiency more economical than permitting physical deterioration, therefore, be it

Resolved, That local Norwich, socialist party, place itself on record as favoring free medical inspection of school children and the establishment of this direction we call upon the boards of education to establish free dental clinics in connection with the public school, the children to be periodically examined and repaired absolutely free of charge, this service to be rendered to all alike without any taint of charity, and be further

Resolved, That we approve the expenditure of any sum of money necessary for this purpose, even though it be necessary to increase the tax rate to raise the funds.

Eugene J. Carroll was chairman of the meeting and two new names for membership were voted in. The last Friday in this month was selected as the date for the vote to be given by the local.

A motion was also passed expressing the local's approval of voting machines to take the place of the ballot box, and arguments being advanced for the machines on the grounds of economy in election expenses, rapidity and ease of securing the count, and minimizing the chance of disfranchisement of the voter through failure to understand voting instructions.

Report was made of the amount of money expended by the party in the recent town election, the sum being \$1.80, all divided between carfare and the printing of platforms.

The local has on hand 5,000 copies of Congressman Berber's speech on the wool schedule which they propose to distribute by mail every voter in the town. They will be mailed in small batches so as not to overburden the local letter carriers with the whole 5,000 all in one mail.

CHARGED WITH MAKING FALSE REPRESENTATIONS.

E. L. Root Taken to New London, Where Bail was Fixed at \$3,500 Until Tuesday.

With a warrant made out by City Attorney Cronin of New London, Police Officer Sullivan of that city came here today, and, securing Deputy Sheriff Draper, went to the office of E. L. Root and placed him under arrest, charged with getting \$5,000 from Mrs. Clara D. Bucklin of Stonington under false pretenses. He was taken to New London, and the case will come up Tuesday of next week. Mr. Root being released under \$3,500 bonds furnished by E. D. Steele.

The charge upon which the arrest of Root was made grows out of a transaction with Mrs. Clara A. Bucklin of Stonington, in which he was concerned as an agent. It is alleged that on or about April 23, 1907, Root pretended to Mrs. Bucklin that Arthur P. Hilton was the owner of a tract of land at Jamaica, L. I., and that he was Hilton's agent. The information contains a copy of the contract tendered by Root to Mrs. Bucklin.

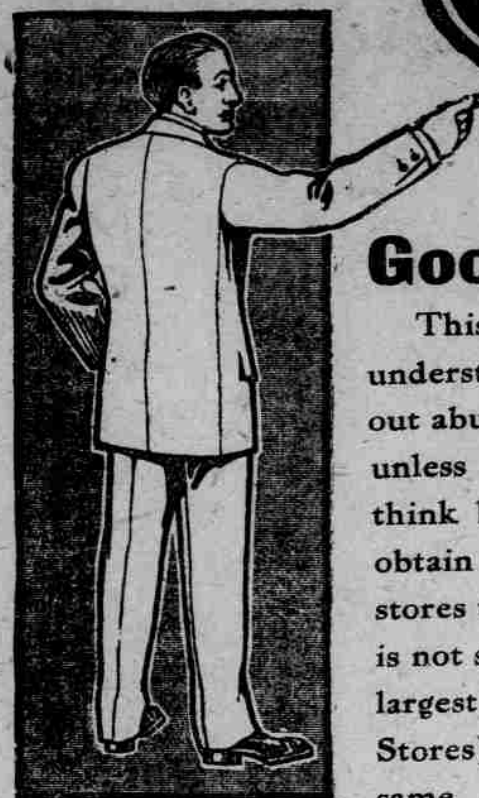

The tract of land, it is alleged, was to be developed by investors and should prove a desirable location for residences. Mrs. Bucklin invested \$5,000, paying the same, according to the complaint, to Root. Mrs. Bucklin's son, Edward Bucklin, became curious after his mother had suffered from the alleged embezzlement of Robert L. Stone, another investment solicitor, who has been indicted. Bucklin visited Jamaica and examined the title to the land. His investigation resulted in his laying the facts before Prosecuting Attorney Cronin.

The prosecutor went to Jamaica last week and made a personal investigation. He found he said, that at the time Root made representations to Mrs. Bucklin, he was not the owner of the land and has not since owned it. There was prima facie evidence of fraud sufficiently strong to cause Mr. Cronin to issue a warrant.

He claimed that he was given the money to secure an option on property which would cost \$55,000 in Jamaica, and received a receipt from him signed by Mr. Hilton that the option had been secured for three months. They could not raise the money and the deal fell through, but they now claim that Mr. Hilton did not own the property alleged.

Mr. Root says that the Bucklins put

Open Wednesday and Saturday Evenings
46 STORES

CLOTHING ON CREDIT

Your Credit Is No Good Unless You Use It!

This matter of personal credit and its use is easily understood. Every one has credit, and its use without abuse is the life of trade. But it is of little value unless you use it. You may think because you are unable to obtain credit of the high priced stores that you have none. This is not so. We have built up the largest business of its kind (46 Stores) by extending you the same privilege of using your credit that is enjoyed by persons of large means.

FREE TO THE SICK!

A Remarkable Offer made to the Sick for this Visit only, by

Dr. NAUGHTON

New England's Wonderful Specialist

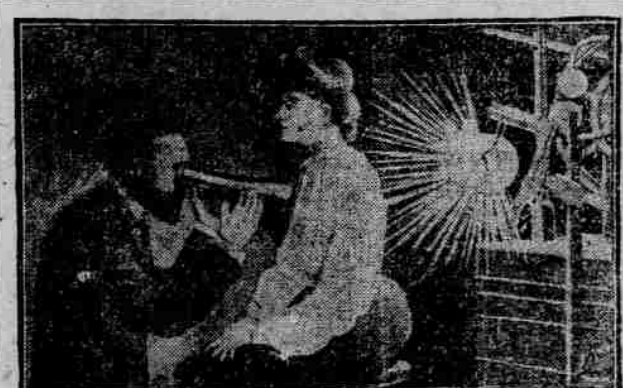

WHO WILL BE AT

The Wauregan Hotel

NORWICH.

ONE DAY ONLY

Monday, October 9

Dr. Naughton making an X-Ray examination of the Lungs, with Improved Magnaethis Skiascope as an aid to Diagnosis. This and other wonderful methods of examinations are Free to all who call on him at the WAUREGAN HOTEL.

ONE DAY ONLY, MONDAY, OCTOBER 9th.

Hours—10 a. m. to 7.30 p. m.

FREE FOR THIS VISIT

Never before has such an opportunity been given the sick of this vicinity, and if you are suffering you should not fail to take advantage of it. The sick multitudes crowd his office from morning till night, and at every visit the young, the old, the rich, the poor, all apply to Dr. Naughton for relief, so those wishing to see him should remember the Days, Dates and Office Hours of his visits and call early to avoid the crowded last hours.

Are you sick? Are you suffering? If so, call on him and take advantage of his skill and experience.

The rapidity with which he describes diseases is truly wonderful and astonishes all who call upon him; and his extensive practical experience enables him to determine whether a

case is curable or whether it is incurable.

Not only will you be surprised at his wonderful knowledge of disease, his plain, concise explanation of cause and effect, but at the marvelous rapidity with which his common-sense treatment goes to the seat of the trouble, giving relief, and in all cases that have not progressed too far, a cure.

DON'T WAIT!

THE SICK MULTITUDES CROWD his offices from morning until night, and if you would avoid disappointment you should call early. Dr. Naughton makes regular visits to Norwich from time to time, to personally attend to his many patients who are unable to visit his Worcester offices.

DR. NAUGHTON will positively be at the Wauregan Hotel, Norwich, Monday, October 9th, from 10 o'clock in the morning until 7.30 o'clock in the evening, to consult with and examine all cases personally.

DR. J. P. NAUGHTON,

SPECIALIST STOMACH CATARRH, KIDNEY AND LIVER TROUBLES, OFFICE AND LABORATORY, 44 PLEASANT ST., WORCESTER, MASS.
